Declaration of Conformity RoHS

Sateco AG hereby declares that all Sateco products are in compliance with the RoHS Directive 2011/65/EU of 8 June 2011 and the Commission Delegated Directive (EU) 2015/863 of 31 March 2015 amending Annex II to Directive 2011/65/EU of the European Parliament and of the Council as regards the list of restricted substances, as well as of the ELV directive (2000/53/EC,(EU)2016/774).

Restricted substances and maximum concentration values tolerated by weight in homogeneous materials (in accordance with Annex II of above directive) are:

Lead and compounds:	Tolerance: < 0.1 percent by homogenous weight
Cadmium and compounds:	Tolerance: < 0.01 percent by homogenous weight
Chromium (VI) compounds:	Tolerance: < 0.1 percent by homogenous weight
PBDE and PBB; pentaBDE, octaBDE and DecaPBD:	Tolerance: < 0.1 percent by homogenous weight
Mercury and compounds:	Tolerance: < 0.1 percent by homogenous weight
di-2-ethylhexylphthalate (DEHP)	Tolerance: < 0.1 percent by homogenous weight
Butyl benzyl phthalate (BBP)	Tolerance: < 0.1 percent by homogenous weight
Dibutyl phthalate (DBP)	Tolerance: < 0.1 percent by homogenous weight
Diisobutyl phthalate (DIBP)	Tolerance: < 0.1 percent by homogenous weight
Hexabromocyclododecane (HBCDD)	Tolerance: < 0.1 percent by homogenous weight

Compliance is evidenced by written declaration from our suppliers.

With best regards,

Roger Erdin
Quality Manager
